drugfinder

Powered by Reformulary®

Welcome to our new DrugFinder™

New look. More features.

Reformulary's DrugFinder tool provides access to the Reformulary®, our curated drug list based on the advice of our expert panel of doctors and pharmacists.

With a new look, DrugFinder is available via desktop and mobile app to plan members to search the Reformulary, and help you make smart drug choices and take control of your health.

More features

- ◆ **Tell me why** that explains why a drug is preferred or non-preferred
- ◆ Brief **descriptions of medical conditions**
- ◆ Create your own account, and save your drugs in your **e-Medicine Cabinet**
- ◆ **Get alerts** when new drug alternatives are available
- ◆ **Share with family and friends.** DrugFinder is now available for Canadians even if they are not on the Reformulary

confirm password

By creating an account, you have read and agree to be bound by DrugFinder's [Terms of Service](#).

Step 5

Enter **Company access code**

Step 2 - Complete profile

Complete your profile, and make sure to select the reimbursement levels in your drug plan. The reimbursement level is the % amount that your plan will pay; for example, 80%, 90% or 100% depending on your plan. By entering the Company Access Code, and plan option, DrugFinder will be customized to your plan.
